Re: Product News (Product Pause)

Due to an unexpected disruption in the Ricotta Cheese market, Marzetti Frozen Pasta may experience sporadic service interruptions on three SKUs upon the depletion of our remaining inventories.

Item #	Description	Status
4130830007	LASAGNA CHEESE SANDWICH 3.5OZ	Potential For Intermittent Service Interruptions
4130830008	1/53 LASAGNA CHEESE ROLLUPS	Potential For Intermittent Service Interruptions
4130831028	46/3.5 LAS CHS ROLLUPS WG	Potential For Intermittent Service Interruptions

The Marzetti procurement team has been able to secure additional inventory of Ricotta to allow us to continue to produce through the week of October 24th. Additionally, we have already secured a new source of supply and are in the process of working with our Research & Development team along with the Quality Assurance team to ensure we have a seamless transition. However, given the time involved in onboarding the new supplier and transition recipes, service interruptions could occur as we deplete our current inventory.

As previously communicated in September, there are 2 SKU's which use CO2 for the freezing process which had been paused from the market. We are now projecting a get-well date of Mid-January of 2023.

Item	Description	New Get Well Date
4130820002	1/15 SPAGHETTI SHORT CUT	Anticipate Mid-January 2023
4130831002	1/20 SHORT CUT SPAGHETTI W/WHOLE GRAIN	Anticipate Mid-January 2023

Thank you for your continued support of the T. Marzetti Foodservice business.
