Re: Pickle Price Adjustment Effective October 1, 2022

We are living in a rapidly-changing marketplace as we have all experienced in the last few years.

We know that you, our valued distributors require a timely notice of any changes.

Due to an increase of our raw pickle handed down by our supplier, we must increase product #4815 Breaded Premium Dill Pickle Slice by \$0.25/lb. effective October 1, 2022.

The New pricing will be \$47.60 effective with orders delivered and/or placed after October 1, 2022.

Prior to that date, we will honor current pricing.

Thank you for your continued business and we will continue to do our best. Any questions or concerns, please direct them to my attention.

Sincerely,

"Musky" Mike Coenen
