Re: Supply Issues, Allocations & Lead Times

Dear Valued Customer:

We at Asian Food Solutions/Comida Vida take great pride in providing quality products and service to our many customers. Unfortunately, we currently find ourselves in a position where we are not able to produce some of our SKUS. We are estimating that these items will be “Temporarily Unavailable” until January 2022 and may require increased lead times as product becomes available. Plants are struggling to acquire raw material, staff production lines and meet increasing demand. We will continue to communicate updates as they become available. Please see the list of items below that will be “Temporarily Unavailable.” Contact your IFS Regional Manager for additional information.

Items Temporarily Unavailable until Q1 2022

In some instances we will also need to allocate products based upon forecasts for original demand and inventory availability. Our customer service team will be working closely with all customers to notify you of any changes that may need to occur. Please see the list of items below that are available, but with some allocations possible. We may also require increased lead times on some items.

Items Available With Possible Allocation
