Re: Discontinuation of the 4545 Homestyle White Cheddar Curds

We regret to inform you that due to unforeseen cost increases in printed film and chipboard packaging that we will be discontinuing the 4545 Homestyle White Cheddar Curds in the 4-5 lb. case.

We do however have a host of other pack sizes in this same curd product in "customer-friendly" packaging in both bulk and portion control.

- **4546** Packed 32-5 oz. Portions for a net 10 lb. case.
- **4542** Packed 24-8 oz. Portions for a net 12 lb. case.
- **4532** Packed 4-2.5 lb. for a net 10 lb. bulk case.

As a Wisconsin manufacturer, we take great pride in all of our cheese products and will continue to do our best.

Hopefully, this does not inconvenience you in any way. If you have any questions, please shoot me a call or email; Mike Coenen.

All the Best,

"Musky" Mike Coenen
