11-11-2021

Dear K-12 Partners,

As the 21-22 school year evolves, many Covid-19 related issues have risen to the forefront. For example, staffing & labor issues, trucking shortages, distributor warehouses overloaded and understaffed, raw material shortages, etc. When any of these issues occur, it affects our ability to fulfill orders. The items below have been hit especially hard in the staffing department area. Once the staffing issue is resolved, these items will be re-instated immediately.

The current climate has caused us to evaluate how can we get more "cheese filled breadsticks" out to the K-12 community. In our evaluation it became obvious that some items can be produced much faster than others. Taking this into consideration, we've decided to withdraw the 3 items below, for the remainder of this 21-22 school year. The suggested replacement items are made with the same raw materials, available in both Bulk or I.W. They also meet the same nutritional value of 1-G/1-MMA or 2-G/2-MMA. Basically, it's just a shape and cost change.

Effective immediately we will be withdrawing the following products for the remainder of this school year:

Withdrawing: postponed for remainder of 21-22		Suggested Replacement	
Product code	Description	Product code	Description
11001	Cheese Filled Breadstick BULK 1/G, 1/MMA	11003	Cheese Filled Breadstick BITE, BULK .5/G, 5/MMA. 2 pieces =1/1
11009	Cheese Filled POCKET BULK 2/G, 2/MMA	11003	Cheese Filled Breadstick BITE, BULK .5/G, 5/MMA. 4 pieces =2/2
11119	Cheese Filled POCKET I.W. 2/G, 2/MMA	11113	Cheese Filled Breadstick BITE, I.W. 2/G, 2/MMA. 4 pieces =2/2

We appreciate your understanding and patience during these very challenging times.

Sincerely,

Michael Piazza
