We are making these changes to protect our overall supply chain. The rest of our portfolio of popular, nut free, snacks remain available. Other changes announced on September 20th remain in effect. We will continue to keep communication at the highest priority. At this time, we do not have an estimate when these items return to production, we will notify you as soon as we have a target date. We understand the multiple challenges you are facing, and we want to continue to be your solution. Please feel free to contact me directly with any concerns.

Sincerely,

Jeff Udelhoven
