

April 7, 2021

To Our Valued Distributor Partners,

As the close of the school semester approaches, PepsiCo is working to ensure a smooth transition with deliveries of Frito-Lay products from your Frito Lay Service Facility. Our goal is to provide timely communication to our customers on product availability for the balance of the current school year and summer nutrition programs.

Enclosed you will find the list of K-12 products that will be **TEMPORARILY** discontinued for the summer. With your help we can better support your needs for the remainder of the school year. Our ask from you is to share your menu dates, anticipated product usage and approximate order dates, for all items that will be discontinued for the summer. This information will be used to help provide the right products at the right DC's when you need it, while supplies last. All K-12 products will be back in production and available mid-July for Back to School Orders.

Also Listed on the following page are the Frito-Lay K-12 Products that <u>WILL</u> be available throughout the summer. The products highlighted in yellow are part of our Annual Summer Feeding Promotion & eligible for a \$2 per case rebate. Please share this list with your customers.

Thank you for your continued partnership!
