

March 10, 2025

Valued Customer,

In a previous communication, General Mills Foodservice announced ParfaitPro® products would undergo a packaging transition wherein all yogurt bags/film would be recyclable with polyethylene flexible film, if clean and dry, through your local recycling program. Due to unforeseen circumstances, **we are temporarily reverting to our non-recyclable film.**

Yoplait® ParfaitPro® Dairy-Free Coconut Based Yogurt Alternative is already shipping in non-recyclable bags/film. For the remaining SKUs listed below, product packed in non-recyclable film will flow into market through March and April. During this time, ParfaitPro® packaging is not able to be recycled.

We will send additional communication when recyclable packaging starts to flow back into market once again. As we transition between packaging materials, a reminder that there will be **NO changes to the following:**

- Price
- UPC/GTIN
- Formula/Ingredients/Nutrition
- Product Taste/Handling

**Impacted SKUs:**
