Pacific Blue Ultra® Paper Towel System

Dispensers

The hygiene and efficiency you want. The durability you need.

HYGIENIC

Touchess design helps improve hygiene. Automated dispensers feature motion activation, while our mechanical dispensers offer a no-touch hang mode.

INVENTORY EFFICIENCY

Both paper towel dispensers in the Pacific Blue Ultra™ System use the same roll towels to help improve inventory control.

EASY TO MAINTAIN

Dispenser design includes easy-access front cover that opens 180 degrees.

Automated Dispenser: 11" or 14" towel length.
Mechanical Dispenser: 11" towel length.

ATTRACTIVE

New, contemporary designs mirror the workspaces of today.

CONSUMER PREFERENCE

Consumers prefer automated paper towel systems over folded paper towels 2.5 to 1.*

*GP PRO Proprietary Research: CPT-18-1829

Coordinates with Pacific Blue Ultra™ paper towel dispensers.

WASTE REDUCTION

Convenient, adjustable portion control helps prevent waste. The dispenser is designed to ensure 99% of the foam product is emptied before replacement is needed.
