Subject: **Production Delays**

Tyson Foods has encountered an unexpected quality and production delay within a subset of our Hillshire Farm® Beef Crumbles, requiring us to temporarily suspend production. Our top priority is ensuring that our products meet the highest standards, and we're taking decisive steps to address the matter promptly.

We are actively working to resolve our production delay and will provide a timeline for resuming production as soon as possible. In the meantime, please work with your Tyson Foods representative to identify a replacement item suitable for your operation.

We have included a list of items impacted below.
