Subject: Packaging Update –

Dear Valued Customer,

We're excited to share a small but important update to our packaging. To ensure brand consistency across our product lines, we will be transitioning our **50 lb. White CMC bags** to **50 lb. Kraft bags**.

While the look will change, you can rest assured that the **product inside remains exactly the same**—same quality, same performance, same reliability you trust.

This change will begin rolling out in late March 2026, and you may begin seeing the new kraft bags on your orders in April or early May.

Thank you for your continued trust and partnership. If you have any questions about this update, please don't hesitate to reach out to our team.
