The Lesaffre Corporation

March 17, 2025

Dear Customers,

As you may be aware, recent discussions around proposed tariffs on imported goods could result in increased costs for our supply of certain products. We will continue to exercise patience while there is continued uncertainty surrounding the matter. However, should tariffs on imported goods come into existence, we will have no choice but to pass these additional costs on to our customers. In the event tariffs are removed in the future, we would also remove the additional charges.

Any changes to our pricing will be communicated quickly. Our team remains dedicated to maintaining the value and reliability you've come to trust from us.

For US customers using dry yeast, we have some limited supplies of fresh yeast that would be US made and not subject to tariffs. We encourage you to speak to your Lesaffre representative about this immediately.

Thank you for your understanding and continued support. If you have any questions or concerns, please don't hesitate to reach out to your local representative.

Sincerely,

Dean Modglin
Vice President of Sales
