SUPERIOR PORTIONED MEATS SINCE 1960

Darlene Lee
Sales Service Manager

Date: March 28, 2022

To: Our Valued Customers, Distributors & Brokers

Subject: **NOTICE OF PRICE INCREASE**

Maid-Rite Specialty Foods will be implementing a price increase of \$0.25/Lb. on most of our products.

Unfortunately, costs for the raw materials used to produce our products have increased dramatically and availability of certain raw materials has become difficult to source. Overall increases in labor costs, freight costs, non-meat ingredients and packaging are also major factors driving this increase.

The price increase will become effective with orders placed on or after May 1, 2022. Your purchase order confirmations will detail the items and pricing.

The increase as it relates to you will be confirmed to you from your inside sales service representative.

We appreciate your patronage and thank you for your understanding. We pledge to continue to provide quality products and will never compromise the quality of our products or alter specifications to combat high raw material prices.
