RE: Refrigerated Shredded Potato Service Notice

Due to a recent surge in demand across our Refrigerated Shredded Potato portfolio that is likely caused by lack of competitive product in the marketplace, we will be proactively allocating all Refrigerated Shredded Potato items to ensure the highest quality of service to existing customers.

While we are ramping up production to support as much incremental demand as possible, we simply cannot support the extreme increases experienced at this time and anticipate allocations to be in place for the next 2-4 weeks.

We will continue to keep you informed of any additional changes to the situation, but if you have any other immediate questions, please contact your Michael Foods Sales or Customer Service Representative.

Thank you for your business and your continued support of Michael Foods.
