Knoxville, TN 37909-2683

September 2, 2022

TO: Our Valued Customers

FROM: Jenifer Plageman-Davis

SUBJECT: Taco Fiesta Black Bean Update

Thank you for your ongoing support as we continue to make improvements to our supply availability.

As of August 29, 2022 our inventory on Taco Fiesta Black Beans (1585) has been depleted. Given our unique production process related specifically to this item, coupled with Bush's commitment to providing superior quality products, we are exploring different production options to ensure fulfillment of Bush's commitment to superior taste and quality. Therefore, we have suspended production until further notice on Taco Fiesta Black Bean **ONLY**.

As a substitute, we recommended our Texas Ranchero (1071) to fulfill your needs. We have immediate availability to fulfill your needs with this item until Taco Fiesta Black Bean is ready for purchase.

We will provide an update on timing in the coming weeks/month regarding Taco Fiesta Black Bean availability.

Should you have any questions, please contact your Bush Brothers Customer Development Manager.

Thank you again - your continued support is greatly appreciated!!

Sincerely,

Jenifer Plageman-Davis

Jenifer Plageman-Davis
Senior Vice President, Director of Sales
