

June 11th, 2024

Dear Valued Customer,

We are in the process of updating and modernizing our manufacturing processes and moving to a new facility, allowing for increased capacity and future innovation! Because of this transition, there will be short term supply interruptions beginning in June for several THICK & EASY® shaped pureed food items. We are making every effort to improve inventory levels as quickly as possible, understanding dysphagia patients and residents rely on the safety and quality of THICK & EASY® pureed food items.

Please see the list of items below with anticipated short dates and suggested alternatives. Please reach out to your Regional Sales Manager for additional variety recommendations/substitutions. Outside of shaped purees, we also offer the following solutions:

- THICK & EASY® bulk meat and vegetable pureed products (including a molding program for qualifying purchases)
- THICK & EASY® Instant Food Thickener, Clear Thickener, and SHAPE AND SERVE® Thickener to assist with making pureed foods

We expect to ship meat and vegetables consistently by September 15th and fruits by October 4th. We will provide periodic updates as we progress. Again, this exciting move will allow us to further serve the needs of our consumers for years to come as we continue to offer high quality products to market.
